

CONCENTRATION

A CANNABINOID EXTRACTION CONFERENCE

Concentration 2021 is the world's premier cannabis extraction and analytical science conference. This 3rd Annual breakthrough event connects extractors, scientists, industry experts, and thought leaders. The three-day immersive experience centers on real-world results, practical applications, and proven success.

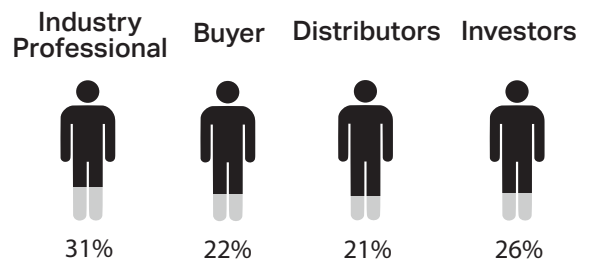

Attendees network with recognized specialists across the cannabis extraction and analytical science industries. They also enjoy interactive demonstrations and vetted exhibits. Renowned extraction professionals deliver game-changing keynote seminars. Skilled scientists inspire with exclusive, innovative content. Don't miss this unparalleled opportunity to problem-solve, collaborate, and advance solutions for the cannabis extraction industry.
